

# Speechless Reconciliation

## 1st charity event on behalf of the Speechless Reconciliation project organized by Rotary Club Prague International

On **Saturday, 28th of May** together with our partners from **Late Night Diplomacy** and **Lastavica**, we have organized the **first edition of a charity event** with the aim to **raise funds** for the organization of the summer camp for almost 100 youngsters from homes for children without parental care from different countries in the region of Western Balkans. Apart from our main intention to raise funds, we also wanted people to come **to celebrate our first year of the Speechless Reconciliation** together with other supporters.

As a part of the program for our attendees, we have prepared a surprise for our guests. The **surprise of the evening** was the announcement of our partners from the Late Night Diplomacy, who announced the **grant of 10 full scholarships for 10 youngsters**

**from homes for children without proper parental care** as part of their new program that will be taking place in 5 different countries of Europe. We believe that this is one of the opportunities that will open many doors for them.

We also had the opportunity **to welcome our friends and project partners from the Rotary Club Belgrade International** with whom we have **signed a twinning agreement** between our clubs that will eventually get us closer to the possible organization of another additional summer camp in the Balkan region.

Among our special guests, we have also **welcomed her excellency Martina Mlinarević, ambassador of Bosnia and Herzegovina and his excellency, Sashko Todorovski, ambassador of North Macedonia.**

**On the link below you can see how it all went.**

Specifically, we would like **to thank Sergey Semyachkin (Instagram: @filman\_ph) and Denis Rodionov Instagram: @simply\_den)** who „donated“ their time to our event and made all those wonderful pictures but also the video you can see on the link above.

Finally, we would also like to see our full **gratitude to all of our guests that came!** Especially to our partners that are working with us to make this project as impactful as possible on an almost daily basis such as **C9 or Wenable. Thank you all!**

On behalf of the Speechless Reconciliation team,  
Matěj.
